Donna Nincic suggests recapping each smaller council meeting so that all Provost's Council members are kept updated. Please copy Susan Bigler on suggested agenda items for meetings. CONCLUSIONS 2. We expect the results to be disseminated to faculty in Spring 2016 and action will be planned then. ACCESS: Online Admissions information has been translated into Spanish ACCESS: Website updates: Department pages need updating. Updates can be centralized through Susan Bigler or Pat Harper. AFFORDABILITY: Budget is being rolled out now to departments. Provost Opp plans to hold budget workshops for faculty in Spring 2016. AFFORDABILITY: Working with HR, RPA process will be improved and streamlined. QUALITY: STCW Audit: We need to report again Oct. 1 and if they're satisfied with our progress over the summer then we'll be good. Still deciding on new data system for new records requirements. QUALITY: Student course projection tool was created and distributed but student response was poor. However, SMARTPlanner will be implemented starting this semester and should be fully functional in Fall 2016.	AGENDA ITEM
