Gold Sponsorship

of the Cal Maritime 2024 Spring Career Fair.

2024 Spring Career Fair Participants

ABM Engineering **Booth #34**
600 Harrison Street, Suite 600
San Francisco, CA 94107
http://www.abm.com/

- Peter Dabai, Engineering Manager
  415-589-1027, peter.dabai@abm.com
- Julie Adams, Engineering Operations Support Supervisor
  415-706-5017

Recruiter Identified Major(s): FET

ABM LOCAL 39 Facility engineers provide maintenance services for various establishments, including high-rise buildings, local banks, schools, large office parks, airports, stadiums, and more.

Air Treatment Corp. **Booth #1**
320 Harbor Bay Pkwy Suite 150
Alameda, CA 94502
www.airtreatment.com

- Ken Mozek, Refrigeration Specialist
  925-989-2892
- Elliot Benson, Refrigeration Engineer
  925-389-7522, ebenson@airtreatment.com

Recruiter Identified Major(s): ME

Air Treatment Corporation is the leading HVAC & R manufacturer's representative serving California, Nevada, Hawaii, Oregon and Guam since 1982.

For 40 years, ATC has partnered with first-rate equipment manufacturers to deliver expert, sustainability-driven equipment, factory-certified service, and end-to-end support within our wide distribution network.

We serve numerous markets, including cold storage and food processing, data centers, higher education, and sports areas. Our divisions include HVAC equipment, refrigeration, OEM service, and parts.

What makes us different? We've shaped how businesses, contractors, and industry professionals work with HVAC & R manufacturer representatives. Our team of experts includes sales engineers, inside support teams, and certified technicians that use their industry knowledge and tools to be your reliable specialists in energy and water-saving solutions.

We set out to offer our customers the most economical solutions. Focusing on the most efficient use of energy and water, we aim to provide end-to-end support, enhance sales processes, and deliver a tailored customer experience. From design through construction and start-up, our industry knowledge enables us to build long-term relationships and empower our customers and partners for success.

We connect manufacturers, customers, contractors, builders, and designers through an in-depth understanding of HVAC & R equipment, personalized customer service, and relationship building that delivers long-term business results.

Alaska Marine Highway **Booth #70**
7037 North Tongass Highway
Ketchikan, AK 99901
https://ferryalaska.com

- Umeko Seaver, Port Captain
  907-228-7281, umeko.seaver@alaska.gov
- Cassidy Patton, Port Captain
  907-228-7278, cassidy.patton@alaska.gov

Recruiter Identified Major(s): MT, ME, MET

The ferries of the Alaska Marine Highway make up a large part of Alaska's highway system, covering 3,500 miles of coastline and providing service to over 30 communities that stretch from Bellingham, WA to Dutch Harbor in the Aleutian Chain. We offer a rare opportunity to experience Alaska's rugged landscape and diverse culture. The Alaska state ferries are the perfect way to experience each region and the communities that populate Alaska's diverse and scenic coastline.

Alaskan Dream Cruises and Allen Marine Tours **Booth #60**
1512 Sawmill Creek Rd
Sitka, AK 99835
www.allenmarinetours.com

- Lynn Stewart, Hiring and Recruiting Manager
  907-738-1425, lstewart@alaskandreamcruises.com

Recruiter Identified Major(s): MT

Allen Marine Tours is a family-owned business, and one of the oldest tour companies in Alaska. We have been cruising the pristine waters of the Inside Passage for over 45 years. We currently operate vessels from the ports of Yakutat, Glacier Bay, Juneau, Ketchikan and Sitka. All of our day-cruises are thoughtfully designed to provide our guests with the best means possible to view and learn about the wilderness and wildlife of Southeast Alaska and provide insight into the human history & cultures of the people who live here. Our sister company, Alaskan Dream Cruises provides guests with unparalleled access to the most beautiful places in Southeast Alaska. Our itineraries are filled with opportunities for active exploration, both in intriguing ports of call and in remote wilderness areas. All of our vessels carry expedition craft that enable us to get even closer to the land and sea. Our skiffs are called upon for shallow-water and glacial fjord exploration. These nimble vessels are also used as beach landing craft to allow remote hiking opportunities in areas not accessible to larger craft.

Kayaking is also an integral part of every Alaskan Dream Cruises experience. To ensure guests of all skill levels are able to enjoy this exciting activity, we've designed custom-built kayak launchers for easy and safe loading and unloading.

Amazon Web Services **Booth #2**
https://www.amazon.jobs/en/

- Ryan Storz, Data Center Chief Engineer
  ryastorz@amazon.com
- Brian Osterhoudt, Data Center Area Manager
  bosterho@amazon.com
- Saita Rao, Recruiter
  raosait@amazon.com
- Alexis Denny, Recruiter

aldenny@amazon.com
- Helena Taylor, Data Center Facility Manager
  taylhele@amazon.com
- Itzel Diaz: Data Center Engineering Operations Technician
  diaitzel@amazon.com

Recruiter Identified Major(s): FET, ME

AWS cloud infrastructure enables customers of every size to build and innovate faster. For us, this means continually improving our data center systems and security to protect our customers from risk. We implement controls, automate systems, and undergo third-party audits to confirm security and compliance. This is why the world's most regulated organizations trust AWS.

With millions of customers, AWS has the largest and most dynamic cloud ecosystem in the world. People in nearly every industry, from start-ups to the public sector to enterprises, are running every imaginable use case on AWS. It's our data centers that make this possible. Whatever your role, explore why an AWS data center could be your next great career move.

American Bureau of Shipping (ABS) **Booth #6**
1701 City Plaza Drive
Spring, Texas 77389
https://ww2.eagle.org/en.html
- Destiny Caldwell, University Relations Lead
  281-877-6445, DCaldwell@Eagle.org
- Alejandra Villegas, Recruiting Manager
  281-877-6445, AVillegas@Eagle.org
- Elijah Cherry, Surveyor II
  281-877-6445, DCaldwell@Eagle.org

Recruiter Identified Major(s): ME, MET, FET

Founded in 1862, ABS is a global leader in providing classification services for marine and offshore assets. Our mission is to serve the public interest as well as the needs of our members and clients by promoting the security of life and property and preserving the natural environment. ABS' commitment to safety, reliability and efficiency is ever-present. ABS is working in a rapidly changing business environment where global markets are shaped more frequently by digital technology and data analytics. We are applying advanced technology, digital tools, capabilities and improved core processes to drive safety excellence, greater performance and efficiency – generating greater value for our members and clients.

Recruiter Identified Major(s): MET, ME, FET

Anderson Industrial Engines Co., Inc. distributes and packages industrial engine and electrical generator sets running on Diesel, gasoline, and alternative fuels. Established in 1974 with headquarters in Omaha, Nebraska as well as branch offices in Kansas City, Kansas, and Modesto, California we are dedicated to quality products, systems, and customer service.

Andros Engineering **Booth #53**

4285 Secondwind Way
Paso Robles, CA 93446
https://andros-eng.com/

- Benjamin Andros, President
  805-227-2801, bandros@andros-eng.com
- Sophie Teran, HR Recruiter
  805-227-2801, sophie@andros-eng.com

Recruiter Identified Major(s): ME

Since 1985, Andros has been pioneering innovation in agricultural and mining equipment. The innovations include developing the most accurate drip irrigation equipment to install, extract, and retrieve drip tape and drip lines. Andros irrigation farm equipment is being utilized on the largest and most advanced farms in the world. In addition to irrigation equipment, Andros manufactures a wide variety of specialized agricultural equipment including plastic mulch layers, transport trailers, pruners, and crop protection equipment.

Today, Andros provides both equipment and services through the three Andros divisions. Ag Equipment divisions manufactures custom and standard irrigation equipment. The Andros Services Division provides recycling and equipment rental services. And the third Andros Division, Research & Development Division, designs and builds unique agricultural equipment to the specifications of a client. Andros Research & Development Division builds equipment not available in market, helping to mechanize labor intensive field operations. Projects have included precision viticulture, field processing automation and precision vegetable production.

ArcBest **Booth #22**

8401 McClure Drive
Fort Smith, AR 72916
www.arcb.com

- Chuck Hampson, Service Center Manager
  630-740-9795, champson@abf.com
- Alexis Gomez, Service Center Manager
  agomez@abf.com

Recruiter Identified Major(s): IBL

ArcBest is a multibillion-dollar integrated logistics company that leverages our technology and full suite of shipping and logistics solutions to meet our customers' supply chain needs. We started in 1923 as a local Arkansas freight hauler, and today, through smart strategic acquisitions, visionary leadership and a mindset focused on the future, we're a publicly traded, global, $5 billion logistics powerhouse with over 15,000 employees across nearly 250 campuses and service centers.

ArcBest offers ground, air and ocean transportation through a variety of capacity providers, including our less-than-truckload (LTL) carrier ABF Freight®, our truckload service MoLo, and the Panther Premium Logistics® fleet. We also offer household goods moving through U-Pack®. Our tech company, ArcBest Technologies, provides innovative

solutions, leading-edge technology and advanced analytics that help support our customers and keep the global supply chain moving.

Ascent HVAC **Booth #84**
635 Hartz Way
Danville CA, 94526
https://ascenthvac.com/

- Robert Blomberg, Sales Engineer
  925-272-5244, rblomberg@ascenthvac.com

  619-681-4986, michael.miller6@baesystems.us

Recruiter Identified Major(s): MET, ME, FET

BAE Systems, Inc. is the U.S. subsidiary of BAE Systems plc, an international defense, aerospace and security company which delivers a full range of products and services for air, land and naval forces, as well as advanced electronics, security, information technology solutions and customer support services.

Bender CCP, Inc. **Booth #58**
2150 E. 37th Street
Vernon, CA 90058
www.benderccp.com

- Michael Potter, President/ CEO
  707-590-0067, mpotter@benderccp.com
- Keith Hibbs, VP of Operations
  714-984-4606, khibbs@benderccp.com
- Michael Gonzales, Director of Business
  619-886-0447, mgonzales@benderccp.com

Recruiter Identified Major(s): ME, MET

Located in Vernon, California, Bender CCP is one of the leading full service providers of engineered rotating equipment repair and machining services in the US. With a reputation built on decades of providing reliable, quality services in our facility or at the customer site, Bender CCP is a trusted partner to our customers. They depend on the expertise of our technicians to provide everything from turnkey overhauls to routine maintenance to highly-critical emergency repair work around the clock and in the most demanding conditions. We bring deep expertise across varied customer industries from oil and gas, chemical, mining and marine to pulp and paper and steel.

We're proud to help customers extend the life of their critical rotating equipment no matter how large or complex the project and offer unmatched capacity for a broad range of repair, thermal spray coating, field services, machining and grinding, welding and inspection services. Customers count on our team to handle every project with the highest integrity and in the most efficient manner which helps them ultimately lower the total cost of ownership. Most importantly, we help customers keep their operations running smoothly.

Bender CCP's ship repair division is located close to San Diego and Seattle's shipyards with teams dedicated to maritime repairs and overhaul projects. We have the expertise and certifications required for Navy and commercial ship repair done on board or at our facilities. Our experienced team and mobile state of the art equipment allows us to shorten the repair cycle with our ship repair
capabilities and services. We are available to conduct on board assessments, develop repairs and overhaul plans. We offer cost-effective turn-key solutions that keep fleets running optimally.

Formed by the merger of Bender US and California Centrifugal Pump Repair, CCP www.benderccp.com

BioMarin **Booth #4**
105 Digital Drive
Novato, CA 94949
https://www.biomarin.com/

- Justin Gribble, Talent Advisor
  415-455-7988, justin.gribble@bmrn.com

Recruiter Identified Major(s): FET, ME

BioMarin is the world leader in delivering therapeutics that provide meaningful advances to patients who live with serious and life-threatening rare genetic diseases. We target diseases that lack effective therapies and affect relatively small numbers of patients, many of whom are children. These conditions are often inherited, difficult to diagnose, progressively debilitating and have few, if any, treatment options. BioMarin will continue to focus on advancing therapies that are the first or best of their kind.

BioMarin's Technical Operations group is responsible for creating our drugs for use in clinical trials and for scaling production of those drugs for the commercial market. These engineers, technicians, scientists and support staff build and maintain BioMarin's cutting-edge manufacturing processes and sites, provide quality assurance and quality control to ensure we meet regulatory standards, and procure the needed goods and services to support manufacturing and coordinating the worldwide movement of our drugs to patients. Come join our team and make a meaningful impact on patients' lives.

Cabras Marine Corporation **Booth #9**
178 Industrial Avenue
Piti, Guam 96915
www.cabtug.com

- Wayne Bigler, HR Director

  671-929-0736, jbjoyner@dimguam.net

Recruiter Identified Major(s): Primarily MT (Deck and Engine Room) and potentially MPM

Maritime Services - Tug and barge services; harbor (ship) assist

Cabras Marine Corporation (CMC) and its affiliates are the leading provider of pilot, tug, barge, spill response, firefighting, and ferry services on Guam and the Commonwealth of the Northern Mariana Islands. CMC, which operates as a Woman-Owned, HUBZone certified, U.S. Small Business, has been professionally servicing commercial and military enterprises in the region since 1975 and continuously strives to provide elite performance for both current and prospective clients. CMC operates the Pacific Dry-dock and Integrated Maintenance (PACDIM) facility providing ship repair services for commercial and government vessels as well as CMC's own assets as an ABR certified shipyard.

Calpine Corp. **Booth #59**
717 Texas Avenue, Suite 1000
Houston, TX 77002
www.calpine.com
- Julie Venierakis, Human Resources Manager
  925-557-2226, julie.venierakis@calpine.com

Recruiter Identified Major(s): FET, ME

Calpine Corporation is America's largest generator of electricity from natural gas and geothermal resources with operations in competitive power markets. Its fleet of 76 power plants in operation and one under construction represents nearly 26,000 megawatts of generation capacity. Through wholesale power operations and its retail businesses, Calpine serves customers in 22 states, Canada and Mexico. Its clean, efficient, modern and flexible fleet uses advanced technologies to generate power in a low-carbon and environmentally responsible manner.

The company was established on the premise that a strong commitment to the environment is inextricably linked to excellence in power generation and corporate responsibility. Since its founding in 1984, Calpine has led the power industry in its unwavering commitment to environmental stewardship. In addition, its renewable geothermal plants use steam generated deep below the earth's surface to produce clean, renewable electricity.

CBRE **Booth #98**
1400 Fountaingrove Parkway
Santa Rosa CA 95403
https://www.cbre.com/

There is a reason the California Highway Patrol is regarded as one of the top law enforcement agencies in the nation. At the California Highway Patrol we set a very high standard. Our job is critical and we take an oath to stand for something bigger than ourselves – to provide safety, service and security to all the citizens and visitors of our state. It is this same courage and honor of duty we seek from new recruits.

We are husbands, mothers, daughters, athletes, military… But there is one thing we all have in common – we make a difference. We strive to be the best. The average career just won't do. We are made for more – we are CHP. Now you can be too.

CHP is embarking on a mission to fill 1,000 officer positions by hiring qualified individuals from California's diverse communities. Opportunity awaits by becoming one of the CHP 1000.

By joining the CHP, you will have a chance to make a dramatic difference every day. In this career, it is never the same day twice. A career with the CHP will give you more than you ever thought possible. More purpose. More opportunity. More satisfaction. Apply today to join the CHP 1000.

Matson has been the leading ocean shipping and logistics provider throughout the Pacific since 1882. We are the supply chain lifeline for Hawaii, Alaska, Guam, and islands of the South Pacific. We also offer the top two ocean shipping services in the world's largest trade lane - Asia to the U.S. West Coast. With our subsidiaries Matson Terminals and Matson Logistics, our business focus is exceeding customer expectations with quality, reliability, and integrity.

We strive to operate in an environmentally sustainable manner and promote land-based environmental programs in Hawaii, Guam, and Alaska. We help improve the communities in which we work and live through our community giving program that annually supports hundreds of local organizations. And we work to improve diversity, equity and inclusion in our company, communities and industry through an active social equity program.

Matson is a great place to work, and everyone who works with us becomes part of the Matson ohana or family.

McAllister Towing **Booth #24**

Neptune Pacific Direct Line (NPDL) provides shipping and supply chain logistics to and from 16 countries and 22 ports. Our comprehensive range of shipping services links the South Pacific Islands with New Zealand, Australia, Asia, Europe, and the Americas. Right now we are experiencing a period of significant transformation and growth!

In 2020, Neptune Pacific Line acquired Pacific Direct Line, becoming NPDL. This expanded on our legacies of being at the cutting edge of maritime transport technology and provided more comprehensive logistic options at sea, on

land, and in the air. More recently, we have expanded our services to include a direct route from California to the Pacific.

Our team provides our customers with efficient, responsive, and professional services while embracing our core values.

NPDL is part of The Wonderful Company headquartered in Los Angeles, USA.

Thomasville, NC 27360
www.odfl.com/careers

- Sheri Frasinetti, Area Manager – Human Resources
  Sheri.Frasinetti@odfl.com

Recruiter Identified Major(s): IBL

Old Dominion Freight Line, Inc. (NASDAQ: ODFL) is a less-than-truckload ("LTL"), union-free company providing premium service to all its customers. Founded in 1934 ODFL started out as a single truck running a 94-mile route in Virginia, over the last 80+ years we've led the way to become a national LTL freight leader and global transportation company. The values that drove our founders years ago still inspire us today. Whether it's on the road, on the docks, in the office, or at one of our many celebrations, there's an attitude of sharing, caring and smiling. It's an attitude our customers & team members value & appreciate. One that makes us more than just a freight carrier. It makes us a family. A family that helps the world keep promises.

Recruiter Identified Major(s): GSMA/ISS, OCN, MT

Seafarers' Ministry of the Golden Gate at the International Maritime Center [SMGG-at-the-The IMC] is a multi-sector alliance for seafarer wellness, maritime welfare, and community connectedness.

The Seafarers Ministry of the Golden Gate provides hospitality, personal support and spiritual care to seafarers, maritime workers, and their families. Our multifaith and culturally diverse chaplains and volunteers visit ships docked in the Bay area to offer a caring presence and listening ear to the seafarers onboard. We seek to let the crew know that we know them, care about, and appreciate them. We also offer essential services that help to make their lives aboard ship a bit more comfortable and convenient, and their time in port as pleasant and refreshing as possible:

The International Maritime Center [The IMC] collaborates with non-profit organizations, community groups, government agencies and the private sector to Educate the public about the needs of seafarers and the importance of the maritime industry.

Advocate for policies and programs that address the needs of seafarers, and the progress of the maritime sector and that promote care for the ocean environment. Coordinate administrative and operational services [e.g. facility use, transportation, communications, and IT] for the SMGG-at-The IMC network.

Seaward Services, Inc. **Booth #23**

Recruiter Identified Major(s): MT, MET, ME

International And Domestic Vessel Operators with Diverse Commercial and Government Shipping Expertise

Established in 1981, Seaward Services, Inc. (SSI), a subsidiary of Hornblower Corporation, is a full-service shipping, waterfront logistics and management company that specializes in the operation and maintenance of government and commercial vessels; including: high-speed craft, range craft, training craft, experimental craft, research vessels, cable-laying vessels, and unmanned surface and sub-surface vessels. The organization is led by seasoned maritime executives and management with many years of experience within commercial shipping, the U.S. Coast Guard, and U.S. Navy. SSI has distinguished itself in the industry as a reliable, safe, and effective maritime vessel owner and operator.

Seaward's niche expertise lies in high-speed, jet-powered shipping. Since 2001, the organization has crewed, operated, and maintained a wide variety of high-speed vessels in support of DoD contracts, including the: HST WestPac Express, USNS Guam, USNS Puerto Rico, FSF-1 Sea Fighter, HSC Alakai, and sea trials for the Independence-Variant LCS and Spearhead Class EPF's. Seaward has also operated traditional deep-water vessels for various DoD contracts such as the OSV Hercules out of Dutch Harbor and the O&M for the TSV's Prevail, Hugo, Hunter, and Narragansett which provided training support to the US Navy.

Recruiter Identified Major(s): FET, ME, MET

Siemens Industry, Building Technologies, Automation

We spend up to 90% of our lives in buildings, and we believe that everything people do in life deserves a perfect place to do it. In a world where our fundamental health, safety and wellbeing expectations have been deeply impacted with the anxiety of a new virus, buildings should offer a haven. Ideally, a perfect place to grow, learn and prosper.

While it's true today's buildings should be reliable, efficient and safe - these characteristics alone don't enable businesses and empower people the way a true smart building can. Adaptability is crucial. Smart buildings interact with people, systems and external elements around them. They learn from the past experiences and real time data input. They adapt to the needs of people and the businesses within them by increasing comfort, efficiency, resiliency and safety.

Whatever the size of the building, it's purpose or application: Our comprehensive building automation and control systems portfolio allows us to perfectly tailor an automation and control solution to each project's individual needs. Openness and flexibility are the bottom line for all of our systems. As a result, open communication protocols enable their easy integration with other systems and the option to modernize later on. Combining electrical and HVAC systems in a comprehensive, multiple discipline approach and designing for reliability - this is how perfect places become a reality.

Our campus is located in New York City, one of the most exciting cities for the entertainment, the financial district, greatest global marketing center of the world and most importantly essential hub for the maritime industry. Payscale.com rates SUNY Maritime College as one of the best colleges for return on investment. SUNY Maritime College boasts one of the lowest tuitions of any college while yielding one of the highest mean salaries of graduates among all colleges and universities.

The Master of Science in International Transportation Management is a logistics, supply-chain, and inter-modal program. International transportation management is a 34-credit program that prepares students for advanced positions within the maritime industry, as well as in logistics and supply chain management positions. The program may be completed online, on campus or a blend of the two formats, to make it fit with a variety of schedules and learning preferences. Students may choose to earn additional certificates in charter parties or supply chain management, as well as a U.S. Coast Guard third mate's unlimited license.

The Master of Science in Maritime and Naval Studies is a humanities focused program for those that have a passion for the sea. Literature, history, art, music, law, and environmental issues comprise this unique and wonderful opportunity. The program can be completed entirely online and is 31 credits.

The world's second-largest family-owned winery and fourth-largest overall, Trinchero Family Estates (TFE) comprises more than 50 award-winning wine and spirits brands distributed in nearly 50 countries around the globe. Founded in 1948—when Italian immigrant Mario Trinchero brought his young family from New York City to Napa Valley and purchased an abandoned Prohibition-era winery called Sutter Home in St. Helena—Trinchero Family Estates has been an innovator for seven decades.

Today, Trinchero Family Estates remains deeply rooted in Napa Valley, encompassing a broad portfolio of global offerings, including flagship brands Sutter Home Family Vineyards and Ménage à Trois; luxury brands Trinchero Napa Valley, Napa Cellars and Neyers Vineyards; partner brands Joel Gott Wines, Charles & Charles and Bieler Père et Fils; import brands San Polo, Angove Family Winemakers, Avissi Prosecco, Echo Bay, Finca Allende and Terras Gauda; and Spirits and Specialty Beverage brands Hanson of Sonoma Organic Vodka, Tres Agaves Organic Tequila, Tres Agaves Organic Cocktail Mixers, Amador Whiskey and Trincheri Vermouth.

Headquartered in Napa Valley for more than 70 years, Trinchero Family Estates is comprised of more than 1,100 team members, five northern California tasting rooms and numerous California wineries. Trinchero Family Estates' production facilities span Trinchero Central Coast to the south, Main Street winery and Luxury Winemakers' Studio to north, and Westside winery and Terra d'Oro to the east. University-National Oceanographic Laboratory System (UNOLS) **Booth #39**
1501 NE Boat Street
Seattle, WA 98195
www.unols.org

- Meegan Corcoran, UNOLS Crewing Support Manager
  360-929-9034, meegan@unols.org

Recruiter Identified Major(s): OCN, MT, MET, ME

University-National Oceanographic Laboratory System (UNOLS) is a consortium of 58 oceanographic institutions within the United States. Of those institutions, 14 operate the 18 research vessels that make up the U.S. Academic Research Fleet. These institutions include Scripps Institution of Oceanography, Woods Hole Oceanographic, University of Washington, University of Hawaii, Columbia University, and the Bermuda Institute of Ocean Sciences. Vessels range from regional/coastal class ships to global ships that operate around the world and visit ports most mariners only dream of. All of the 18 vessels are U.S.-flagged and follow U.S. regulations.

Vallejo Water Department **Booth #3**
202 Fleming Hill Road
Vallejo, CA 94589
https://vallejowater.org/

- Valerie Walston, Communications Manager
  707-648-4493, valerie.walston@cityofvallejo.net

Recruiter Identified Major(s): ME, FET

The Vallejo Water Department provides administrative, engineering, water treatment, and maintenance support for the City's potable (drinking) water treatment and distribution. Our stringent criteria and regulations ensure we meet or exceed all regulations set forth by the California Department of Public Health and the U.S. Environmental Protection Agency.

The Vallejo Water Department also works closely with the community and local schools to provide conservation education and share information about current rebate programs.

Vane Line Bunkering LLC **Booth #37**

- Alicia Wink, Fleet Recruiter
  443-488-2723, awink@vanebrothers.com

Recruiter Identified Major(s): MT, MET, ME, IBL

Vane Brothers operates approximately 50 tugboats and 80 barges. This includes seven articulated tug and barge units (AT/Bs) and two launches.

We are fully committed to a cleaner environment through prevention, preparedness and response. Vane tugs are equipped with up-to-date technology that aid in safely transporting petroleum products wherever our customers require us to go. They also maximize efficiency, and crew comfort. The tugs are paired with robust, double-hulled barges.

As we continue to grow, we stand ready to provide our customers with the safe and reliable service they need to succeed and have come to expect.

Recruiter Identified Major(s): ALL MAJORS

Vistra (NYSE: VST) is a leading, integrated, Fortune 275 retail electricity and power generation company based in Irving, Texas, providing essential resources for customers, commerce, and communities. Vistra combines an innovative, customer-centric approach to retail with safe, reliable, diverse, and efficient power generation. The company brings its products and services to market in 20 states and the District of Columbia, including six of the seven competitive wholesale markets in the U.S. and markets in Canada and Japan, as well. Serving nearly 4.3 million residential, commercial, and industrial retail customers with electricity and natural gas, Vistra is one of the largest competitive electricity providers in the country and offers over 50 renewable energy plans. The company is also the largest competitive power generator in the U.S. with a capacity of approximately 39,000 megawatts powered by a diverse portfolio, including natural gas, nuclear, solar, and battery energy storage facilities. In addition, the company is a large purchaser of wind power.
