

Curriculum Committee Agenda

Tuesday, March 7, 2006

11 a.m. – 12:00 p.m.

TEC 145

I. Approval of Minutes of the Last Meeting

Draft minutes are included for Committee review

II. Old Business – Global & Maritime Studies “Housekeeping”

Remove International Studies (SOC 215) from department course offerings

III. New Business - Engineering Technology Department has Proposed the following Curriculum Change Requests for Committee Consideration & Approval

(The required CCRs & signed Department Chair Questionnaires are attached)

CCR #03/06-01 Statics (ET 232) – Change the Physics I (PHY 100) prerequisite to Engineering Physics I (PHY 200)

CCR #03/06-02 Electrical Circuits (ET 250) – Change the Physics II (PHY 105) prerequisite to Engineering Physics II (PHY 205)

CCR #03/06-03 Fluid Mechanics (ET 340) – Change the Physics I (PHY 100) prerequisite to Engineering Physics I (PHY 200)

CCR #03/06-04 Thermodynamics (ET 344) – Change the Physics I (PHY 100) prerequisite to Engineering Physics I (PHY 200)

CCR #03/06-05 Engineering Physics I (PHY 200) – Modify the Mathematics prerequisite to Technical Calculus I (MTH 200) or Calculus I (MTH 210)

CCR #03/06-06 Engineering Physics II (PHY 205) – Modify the Mathematics prerequisite to Technical Calculus I (MTH 201) or Calculus I (MTH 211)

IV. Other Business – What happened to the approved Curriculum Committee Policies & Procedures?

It is more than a year now that it has been submitted to the Academic Senate! Hopefully I can find some answer for you.
