### **3. Senate Chair McNie's Report**

#### Future School Structure Task Force Update:

- The future school structure taskforce concluded this last week. Focus groups and survey were conducted last spring and found no consensus for any school model proposed. The only strong consensus was opposition to a single dean for the entire campus.
- Decision for structure was postponed: there is concern about misalignment with proposals and anticipated new leadership from President Dumont over next several months, inconclusive survey results, and wanting to make a decision in a spirit of promise.
- Chair McNie acknowledges everyone's time both on task force and survey contributions.
- One recommendation made by the task force was to extend appointment of interim deans through end of AY 2025. This will give time to develop a plan, new job descriptions, and seek quality candidates. Interim deans will continue to fall under administrative review policy.

- 43 - Senator Simons inquires what next steps are. Chair McNie responds that next steps are to explore  
44 as a larger community: task force will contribute and supply data, but otherwise on pause.  
45 Watchstanding Resolution Update:  
46 - We as a senate body acknowledge that curriculum and LOs are the purview of the faculty – each  
47 department now has control over the requirements for watchstanding. We called on administration  
48 to support, and will form a working group which Vice Chair Senk will discuss shortly.  
49 - We discovered that Marine Programs was working to revise security booth watch as well,  
50 converging with our resolution. Now we are pausing security booth watch for MPM...we are not  
51 carrying this out yet because we need to plan.  
52

#### 53 54 **4. Vice Chair Senk's Report**

- 55  
56 - Vice Chair Senk announces calls for service:  
57     o completion of Senator Tsai's ASCSU term in Spring 24  
58     o Faculty Development Committee needs a new chair – thank you Mike Holden for  
59 your service. This committee needs revised bylaws – may need to decide in next  
60 meeting if we are in fact going to cut the size of committee. We are considering  
61 including a permanent spot on this committee for Faculty Development Director.  
62     o Need 3 senators for Honorary Diploma Committee: Ryan Storz, Kitty Luce, Chris  
63 Chiego volunteered.  
64 - Watchstanding Resolution: A point of clarification: 'we' paused MPM watch is not us as senate.  
65 It was surprising that Marine Programs was working on changes, but it is exciting! Our role as  
66 senate is to create a timeline, gathering feedback from all constituents about what goals should be  
67 for professional development. Will send out call for service for working group.  
68     o At the Faculty Retreat, we already began work about what professional  
69 development means and how we can better align with what other offices on campus  
70 are doing.  
71 - Curriculum Committee (CC): left off last semester with policy not including GVAR and other  
72 university-wide requirements (such as professional development training). CC will have a big part  
73 to play – will proposed professional development requirements have to go through CC? We want  
74 to get departments thinking on this.  
75

#### 76 77 **5. Resolution on Cal Maritime's Existential Crisis (Second Reading)**

- 78  
79 - Senator Tsai points out that due to new senators joining us, it is best practice to begin again with  
80 a first reading despite carrying this out in Spring 2023.

82 *unanimous consent.*  
83 - *Chair McNie motions to adjust the dates to be more reasonably achievable, Senator Kamdar*

85 - *Senator Luce suggests a second set of dates, again for reasonable achievement. Senator Senk*  
86 *motions to edit, Senator Setniker seconds. Edits approved by unanimous consent.*  
87 - Senator Skoll discusses differences in two Resolved items about recruitment for license  
88 departments and non-license departments. Discussion of student recruitment versus faculty  
89 recruitment ensues; Senator Fairbanks suggests final wording.

- 91 *Luce. Edits approved by unanimous consent.*
- 92 - *Senator Tsai motions to include administrators in distribution list, seconded by Senator Kamdar.*
- 93 *Edits approved by unanimous consent.*
